Seitdem ich in Berlin geboren und aufgewachsen bin,
wusste ich schon immer was ich werden will – also wurde ich
Designerin und Künstlerin. Computerspiele und Technik hatten
schnell meine Aufmerksamkeit und faszinierten mich so wie
die Welt der Musik. Rhytmus und Farbe und alles, was cool ist,
ist die inspirierende Quelle meiner Kreativität.

Since i was born and raised in Berlin, i always knew
what i wanted to be – so i became a designer and an artist.
Computer games and technology caught my attention real quick
and fascinated me like the world of music. Rhythm and color
and everything cool is the inspiring source of my creativity.
